

The curriculum is planned in well sequenced, progressive lessons. Each unit has an overarching enquiry question. The children will be taught in blocks to immerse them in their learning to enable them to know more and remember more. Pupils in KS1 and KS2 learn about an important aspect of local history. This allows children to get a sense of pride about where they come from and develop their community links and sense of perspective.

IMPLEMENTATION

Questioning

Pupils will be encouraged to ask questions to develop their knowledge and understanding as well as deepen their thinking and consolidate theirs and others point of view.

Extend and Enable

Learning will be extended through trips, visits, visitors, and the opportunity to develop their knowledge and understanding outside of the classroom. The children will have the opportunity to delve deeper into their learning through a variety of extension activities.

Assemblies

Assemblies at the end of each term to share the learning with the rest of the school. This allows them to see the chronology of our curriculum, to recap previous learning and to see where their learning will go next.

Share and Consolidate

Journals are created by the children and passed up to the next class teacher in order to share and consolidate the years learning and add the link in the chain of their history knowledge and understanding. Each session, the children review the previous learning and they complete cumulative quizzes throughout their learning to assess the knowledge they have learnt.
